A little information on Leonard Peltier

For More information please visit the LPDOC web site
<http://www.whoisleonardpeltier.info>

Leonard Peltier a citizen of the Anishinabe and Lakota Nations, is a father, a grandfather, an artist, a writer, and an Indigenous rights activist. He has spent more than thirty five years in prison for a crime he did not commit. Amnesty International considers him a "political prisoner" who should be "immediately and unconditionally released."

To the international community, the case of Leonard Peltier is a stain on America's Human Rights record. Nelson Mandela, Rigoberta Menchu, the U.N. High Commissioner on Human Rights, the Dalai Lama, the European Parliament, the Kennedy Memorial Center for Human Rights, and Rev. Jesse Jackson are only a few who have called for his freedom. To many Indigenous Peoples, Leonard Peltier is a symbol of the long history of abuse and repression they have endured. The National Congress of American Indians and the Assembly of First Nations, representing the majority of First Nations in the U.S. and Canada, have repeatedly called for Leonard Peltier's freedom.

Everyone is invited to participate in this event runners, walkers and support vehicle drivers. All support is greatly appreciated.

Please bring bikes, music, banners and good humor.

As always this will be a drug and alcohol free event

Footprints for Peace is a global community of friends who are dedicated to

creating change through peaceful action. We organize events throughout the world that bring together in solidarity a moving community to deepen our understanding of spiritual, cultural and environmental issues. Our aim is to educate, inspire, and empower individuals and communities in building a sustainable future.
